»With MESI mTABLET, it's easy to take measurements and explain results on the spot – both my patients and I are impressed.«
Dr Andrew Wilson, Australia

Eligibility for Small Business Support – $20,000 instant asset write-off*

*The **Small Business Support – $20,000 instant asset write-off** measure announced by the Australian Government is for the **2024-25 income year**. This measure will be in place until **June 30, 2025**.

- *Small businesses with an aggregated turnover of less than $10 million will be able to immediately deduct the full cost of eligible assets costing less than $20,000.*
- *These assets must be first used or installed ready for use between **1 July 2024 and 30 June 2025**.*
- *The $20,000 threshold will apply on a per asset basis, so small businesses can instantly write off multiple assets.*
- *Assets valued at $20,000 or more (which cannot be immediately deducted) can continue to be placed into the small business simplified depreciation pool and depreciated at 15% in the first income year and 30% each income year after that.*

A platform built for faster and smarter diagnostics

The MESI mTABLET is more than just a device – it simplifies diagnostics and saves valuable time with modular & wireless hardware, smart software, and seamless connectivity.

MESI mTABLET

A medical-grade tablet that serves as the central hub.

Smart software

Extend diagnostic capabilities with intelligent apps for decision-making support.

Wireless diagnostic modules

Quickly measure key parameters including ankle-brachial index (ABI), ECG, spirometry, temperature and more.

Seamless connectivity

Access and share results your way: from simple PDF storage to full-scale EHR connectivity.

Designed for everyday use

- Easily connects with existing infrastructure.
- Portable enough for outreach and remote care.
- Works in primary care, specialist clinics and hospitals.

Did you know?

In Australia, roughly **90% of MESI mTABLET users** connect it with their EHR system, setting a new standard for **integrated diagnostics**.
