Burnshield Dresssings

FERNO Australia

Burnshield works by halting the burn process and physically protecting against further contamination. It's cooling and soothing effect is due to its specially formulated Hydrogel and active ingredient, Melaleuca Alternifolia (tea-tree). The sterile dressing keeps the wound clean, minimises loss of body fluids and is easy to apply, non-adhesive and easy to remove without causing further trauma to patient. Safe for use on children.

Key Features:

- Provides physical protection against contamination
- Suitable for all kinds of burns and scalds
- Non-adherent with elastic dressing that stretches and flexes
- Stops burn progression, draws out heat, cools and moistens the burn area
- Sterile – bacteria static
- Anti-bacterial action
- Relieves pain
