

3M™ Micropore™ S Surgical Tape

Engineered to deliver reliable, everyday securement.

Pioneering the science of reliable, yet gentle.

We've made it possible to achieve reliable securement while also reducing the risk of MARS_I. Micropore S Surgical Tape offers reliable adhesion and removes cleanly with minimal disruption of skin layers to help prevent undue discomfort for patients.

Reliable adhesion

Good initial and long term (48 hours) adhesion to skin.¹ Tape stays on skin.

Skin performance

Delivers the securement power you need while minimising damage to skin.

Easy to use

Can be torn by hand and repositioned.

Helps reduce risk

Individually packaged single-patient-use rolls can help protect patients by reducing the risk of cross-contamination.*

Help protect your patients from Medical Adhesive-Related Skin Injury (MARS_I)

1 in 4
MARS_I prevalence

One study showed up to 25% daily prevalence of MARS_I over a 28-day period.²

Clinical application: General securement

- Post blood withdrawal
- Light-weight dressings
- IV lines and tubing (secondary securement)
- Non-critical tubes

ASGUARD® Flex Non-Woven Roll

ASGUARD® Flex Non-Woven Roll is self-adhesive, non-woven fabric fixation tape. Presented in a dispenser box.

Provides

- Comfortable, conforming adhesion
- Simple, secure fixation of dressings and access devices

		Roll	3+
GUISD020	2.5cm x 10m	\$3.25	\$3.10

Hyporplast Tape

- Extendable non-woven adhesive bandage
- Extensible
- Permeable
- Non-allergenic
- Product of Italy

		Roll	3+
PD2036	5cmx10m	\$5.78	\$5.45
PD2037	10cmx10m	\$9.85	\$9.35

Fixomull® Transparent

Patient comfort and professional dressing fixation are not contradictions. Patients neither want to have their movement restricted nor forego early rehabilitation. Fixomull® transparent protects wounds against water, moisture and contamination. It allows patients to wash and shower, without the need for additional protection against water. With its wide range of uses combined with easy and rapid application, Fixomull® transparent offers a noticeable relief in hospitals, private practice and for patients themselves.

		Roll	4+
