

BIG Savings on

HydroTac®

HydroTac® is a foam dressing with a unique hydrogel wound contact layer. It effectively absorbs low to moderate exudate while at the same time providing the optimal environment for wound healing. HydroTac® is gentle on the skin and can remain in place up to 7 days.

- Hydrogel wound contact layer
- Comes in bordered and non bordered versions
- Hydroactive dressing

HydroTac® Comfort offers the same features as HydroTac but also as an adhesive border all around, which is coated with hypoallergenic polyacrylate adhesive and holds the dressing securely in place.

- Waterproof dressing
- Suitable for skin tear management
